ROOM RENTALS

The Sanctuary (275 people)

Our Sanctuary is a spectacular room surrounded by stained glass windows. Overflow space into the foyer can provide additional space for larger groups and provides an ideal reception area for events held in this space.

Since we no longer use permanent seating, comfortable chairs and tables can be arranged in a number of different configurations depending on your requirements. If a bride would like to stand in the centre of the room, chairs could be arranged in a circle so guests surround the happy couple during the ceremony.

Our organ, communion table, pulpit, and lectern can be moved to accommodate a stage area for musical/theatrical productions or a stage for choir/singing performances. Risers are also available to accommodate larger choral groups. Audio-visual system can handle a wide variety of presentations and communications for your event. Two pianos are also available. This space has the use of a small kitchenette.

This venue is capable of hosting a wide variety of activities such as:

- Weddings
- Funerals
- Musical and theatrical productions
- Condominium and board meetings
- Conferences and lectures
- Community meetings
- Exercise or dance classes
- Educational events and programs

Musical Instruments

The Phoenix organ (installed in 2015) with 52 stops and 9 audio channels was voiced by Tonal Director Don Anderson of Phoenix Organs. Phoenix worked closely with architects of our then newly renovated sanctuary, to ensure an aesthetically pleasing speaker installation for the best sound possible. The instrument can produce over 200 sounds and can be used to play music from the baroque period through to the latest styles.

The organ can be moved back and out of the way for stage productions.

Two pianos are also available in this space.
